

KILONIS LOSES TO TURNER IN GREAT WRESTLING MATCH

Difference in Weight Barely Three Pounds—Greek Gets First Blood.

Joe Turner put up one of the pluckiest fights of his career last night, when he defeated John Kilonis, the terrible Greek, two falls out of three at catch weights. However, in justice to Kilonis, it must be added that the weight handicap was not as great as had been anticipated, and also that he showed conclusively that he is a dangerous man at all times. Kilonis weighed exactly 160 pounds, while Turner weighed a trifle less than 160. Kilonis started with a rush, and after twenty-seven minutes of fast and thrilling action, the Greek was forced to succumb to a wicked toe hold after many minutes of torture. Captain Sewell, who was present at the match, made the announcement that he would stop the bout if the toe hold was not pulled, and for this reason, though the referee was apparently only divided regarding whether it should be allowed or not, and the wrestler satisfied here to let it remain in place, it was obtained with the toe hold barred. Turner secured the final fall with his new found hamstring. There were some who felt that Kilonis's shoulders had not been pinned, but a majority of those who were in a position to see felt that the fall was clean and certain. At any rate, it was an interesting and exciting bout. Neither fighter was willing to let up at any stage. Both carried the mixing at top speed throughout, and both were thoroughly fagged when the final fall had been secured. By his performance last night Turner clearly demonstrated that he is the master of any of the wrestlers appearing here at even approximately the middleweight limit. The next bout will probably be April 2, when Dr. B. B. Boller is expected to return and meet a heavyweight of international renown.

FEDERAL LEAGUE ADOPTS SCHEDULE

Season Will Probably Open April 13, Hoodoo Number Proving No Bar.

Baltimore, Md., March 23.—The playing schedule of the Federal League of baseball clubs was adopted tonight at a meeting here to let it remain in place, it was obtained with the toe hold barred. Turner secured the final fall with his new found hamstring. There were some who felt that Kilonis's shoulders had not been pinned, but a majority of those who were in a position to see felt that the fall was clean and certain. At any rate, it was an interesting and exciting bout. Neither fighter was willing to let up at any stage. There is no need to feel any alarm over the symptoms of diabetes. This disease is apt to be purely a digestive trouble, and for this reason the liver is held largely responsible for its cure. The liver is the largest organ of the body, and is not only a mass of threadlike blood vessels, but throughout its entire fabric is intimately associated with the digestive system. The thing to do is to so stimulate the action of this myriad of blood vessels that each cellular part selects its own essential nutriment by healthy and judicious divine discretion. This is accomplished by S. S. S., the most potent, the most active and the most naturally stimulating blood medicine known. You do not need purgatives, do not be alarmed at the presence of sugar nor of so-called acidities. Just stick to S. S. S. and bear in mind that this celebrated remedy has such a stimulating action on the liver cells of the liver as to preserve their mutual welfare and give each cell its proper relative assistance.

Tropical tendencies, biliousness, jaundice, indigestion, afflictions of the spleen and glandular swellings will be eliminated. You will find S. S. S. on sale at all drug stores and for competent medical advice, free, consult by mail The Swiss Dispensary Co., 315 Swift Bldg., Atlanta, Ga. Do not be misled by the great horde of catarrhs offered for sale as liver remedies. They do not touch the liver. Use S. S. S.

Condition of Park Causes Cancellations

Because of the condition of the grounds at the local ball park, Coach Frank Dobson, of the Spiders, has canceled the exhibition game scheduled for today with William and Mary. For the same reason the game to have been played to-morrow with West Virginia Wesleyan has been called off. The first game for the Spiders will be with V. M. I. next week in Lexington, to be followed on the same trip by games with Washington and Lee and Hoonoke College of Salem. Coach Dobson, while deploring the fact that he was unable to begin his season at home, feels that for his men to meet their first baptism of fire on foreign fields will help them wonderfully in their championship engagements with Randolph-Macon, Hampden-Sidney and William and Mary later in the season. So far he has kept his men back, and refused to allow them to take chances with their arms or legs, feeling that all of the time to batting practice.

SNOW NOW ALL GONE FROM WEST END YARD

Parkeeper Heusler, With Aid of Recruits, Gets Diamond in Fair Shape—Three Arrive Yesterday. Athletics Here Friday.

They toiled not, neither did they spin. There wasn't a chance. Joe Heusler managed to teach some of the more energetic just what might be accomplished with hoe and spade in the way of removing unwelcome snow, but that's as far as the 1914 crop of Colts got yesterday toward conditioning themselves for the long grind. Manager Ryan was on hand early, and with him came his army of honest toilers. But the best that could be done was to engage in a slight spell of bunting practice with the men tossing the ball from one to another to keep warm.

The squad was augmented yesterday by the arrival of Lemuel McIntyre, a decidedly right-handed pitcher, and Bunting and Connie Breznan. All three are in the very pink of condition, whatever significance that may have, and the reason for the regular place at the hot corner between Bunting and Breznan should prove delightfully pleasant for the fans. Breznan is a great left field player when in condition, while Dave Bunting, unless he has some knock considerably since the old days, is quite familiar with the requirements of the difficult task.

Since the latest trio of arrivals, Ryan is just two men, more or less, short. Both of these lads are expected some time to-day, and then will start some real work unless the weather should show some more of its vagaries and send forth another snowstorm. Under normal conditions, however, the diamond should be in a fair shape this afternoon, and by Wednesday will be in condition for a game. Fortunately Ryan has enough material on hand to form two very good clubs, and he will start his training by putting these picked teams against each other.

The world champions are due here Friday, and while it is not yet known that he can win against that array of talent, Ryan is very anxious to put up a creditable battle. Connie Mack announces that he will send Bud Bush and Eddie Plank out after the game. The rest of the line-up will be just the same, with which he humbled the Giants in the big series last fall. Given a good day, and the ball yard will be in shape for a moving Friday, for nowhere in all their travels will the Athletics find new friends than right here in Richmond.

Following the Athletics, Frank Chance and his famous strike for two games, one Saturday and the other on Monday. Take it by and large, Manager Ryan has quite an assignment to whip a club into shape in time for the exhibitions. Since most of the men report that they are already in condition for the task, they will be just the same, with which he humbled the Giants in the big series last fall. Given a good day, and the ball yard will be in shape for a moving Friday, for nowhere in all their travels will the Athletics find new friends than right here in Richmond.
